

Application Field: Structural Strengthening

Market Field: Transport and Infrastructure

AUBURN MEGA MART

Requirement: Due to a lack of structural adequacy, structural strengthening was required for a number of columns in the car park of the Auburn Mega Mart in Sydney.

Solution: The strengthening work was carried out in an efficient manner utilizing the simple two-part system consisting of the epoxy adhesive Sikadur-330 and the carbon fabric Sika Wrap-230C.

Product Used:

Sikadur-330: thixotropic adhesive for bonding reinforcements.

Sika Wrap-230C: carbon fibre fabric strengthening system.

Project Details

Date: November 2003	Location: Auburn, NSW
Specifier: MPN Group	Contractor: Remedial Building Services
