

Application Field: Industrial Flooring

Market Field: Hospitality Industry

## LONE STAR RESTAURANT

**Requirement:** The Lone Star Restaurant required a tough floor finish that was easy to clean in the kitchen area.

**Solution:** Sikafloor-2430 HS, a high build epoxy screed, was placed due to its tough, durable finish, and its ability to withstand typical food waste that would come in contact.

**Product Used:**

Sikafloor-156: a low odour epoxy primer.

Sikafloor-2430 HS: a high solids epoxy roll coat.

**Advantages:**

- Excellent mechanical strength
- Good chemical resistance
- Easy to apply
- Can be tinted to appropriate colour
