

Application Field: Industrial Flooring

Market Field: Manufacturing Industry

## METALTEK

**Requirement:** Metaltek makes metal engineered products and required a hard concrete surface to improve the chemical and abrasion resistance that will be non-yellowing, UV resistant, colourless, odourless, non toxic and easy to apply.

**Solution:** The concrete slab was scrubbed cleaned and Sikafloor-Curehard 24 was applied to give a hard sealed surface with dustproofing capability.

**Product Used:**

Sikafloor-Curehard 24: dustproofing liquid surface hardener

### Project Details

<b>Date:</b> June 2004	<b>Location:</b> Hemmant, Queensland
