

Application Field: Waterproofing

Market Field: Health, Education and Leisure

## RENDEZVOUS OBSERVATION CITY HOTEL

**Requirement:** The hotel required waterproofing to the roof, with high resistance against UV and IR rays, and excellent flexibility in cold conditions.

**Solution:** Sikaplan-15G provided waterproofing to the roof and was applied in two stages. Rendezvous Hotel decided to use Sikaplan-15G based on the recommendations from the Hilton Hotel's engineering department.

**Product Used:**

Sikaplan-15G: flexible PVC waterproof membrane for roofs.
