

Application Field: Industrial Flooring

Market Field: Health, Education and Leisure Industry

## TWEEDS BOWLS KITCHEN

**Requirement:** The project required a system to dry over night in preparation for the hectic schedules in the kitchen as well as OH&S and health standard requirements.

**Solution:** Sikafloor-156 and Sikafloor-345 fulfilled the above requirements and was able to dry overnight. The surface was prepared by grinding and primed with Sikafloor-156 and Sikafloor-345 rapid hardener, trowled to 5 mm thick and sealed.

**Product Used:**

Sikafloor-156: low viscosity, solvent free epoxy primer.

Sikafloor-345: solvent free rapid hardener.
